Van Can Construction  
8535 N. Dixie Drive  
Dayton, Ohio 45414

Dear George,

I wanted to take a moment and just say thanks! I have been involved with many construction projects on various college campuses and have enjoyed varying degrees of success. The Campus Village Project that your firm handled for us has been one of my best experiences. Your on-site management team has worked closely with my staff and has kept us informed of all issues on a weekly basis. Your manager has also responded very quickly to any questions or changes that we have had.

The opportunity to review this project with my board of trustees has been a pleasure. Your responsiveness has reflected positively on my staff when the board has taken the time to update the project's progress.

Once again I want to say thanks. I look forward to more business between our organizations in the future.

Sincerely

Kevan C. Buck  
Vice President for Business and Finance
