Mr. Carl Back
Van Con, General Contractor
8535 N. Dixie Drive
Dayton, OH 45414

Subject: New building for Peerless Technologies Corporation

Dear Carl,

I want to thank you and the entire team at VanCon for the excellent work your firm did in constructing our new 17,000 square foot headquarters building. We were very pleased with the design/build method of architecting and contracting for the building.

VanCon met all cost, schedule and performance criteria, and in general did a great job.

In the future we will definitely call upon VanCon to support our construction projects, and highly recommend your firm to anyone with construction needs.

Sincerely,

A handwritten signature in cursive script that reads "Michael C. Bridges".
