To Whom It May Concern:

The firm of Van Con, Inc. has recently completed the construction of God's new Worship Center here in Camden, Ohio. During the complete process, bidding, design, construction and post-construction, we were impressed with the professional manner in which the project was handled.

Through adversities and unforeseen delays, project manager, Carl Back, and site supervisor, Dave Jones, were professional and encouraging in moving forward. Our working relationship was healthy all through the building project. I was appreciative of their safety enforcement also.

We here at First Southern Baptist Church are blessed with a facility that is more beautiful than we even expected.

Being said, I would without hesitation, recommend Van Con, Inc., Dave Jones and Carl Back for any job of similar scope or complexity.

Should you have further questions about our experience with Van Con, Inc. or the details of God's new Worship Center, please do not hesitate to contact me.

In Christ,
