September 17, 2001

Van con General Contractor
8535 North Dixie Drive
Dayton, OH 45414

I want to thank all the associates and contractors at Van Con for the outstanding facility you built for us at Mark Concepts.

We are all so pleased with the design and all the space we now have. This project allows us to move forward with our diversification plans.

Everyone at Van con responded to all our request in a timely fashion.

Knowing this is the third project you have had with us I look forward to working with you again in the near future.

Best wishes to you in the future.

Terri Gregory
